create pathways in theological education and congregational practice for people with disabilities graduate theological education and the human experience of disability examines graduate schools of theology and their limited familiarity with the study of disability and the presence of people with disabilities in particular on their campuses dubbed a missing note by one theologian this text offers critical research and illuminates new pathways for theologia and practice in the community of faith reviews of previous literature theology and practices illuminate how people with disabilities have historically been marginalized by the religious community theologians people with disabilities and researchers offer suggestions for incorporating disability studies into theological education and

religious life this text contains firsthand testimony from people with disabilities who are the necessary sources of wisdom for overcoming barriers by infusing education into existing theological curriculum seminaries may better prepare their students for leadership and ministry in their congregations people with disabilities number 18 of the population yet represent only 5 7 of congregational membership this book explores aspects of theology and disability such as the challenges faced by theological schools that desire to improve both theological curriculum and facilities a review of literature that connects theology and disability from sources such as scripture history faith traditions and social theory the various ideologies that shape the way the human body is understood redefining normal in theological education an overview of critical boundaries that mark the limits and possibilities for theological inquiry about the human experience of disability creative concepts that religious communities may use to better include people with disabilities and their families how the religious community may benefit from the gifts talents and leadership of people with disabilities graduate theological education and the human experience of disability contains a reprint of dr harold wilke s landmark 1978 article from theological education published by the association of theological schools dr wilke born without arms was the theologian minister and scholar who first articulated the need to address the human experience of disability in both theological education and congregational life with extensive biographies and inclusive liturgies this innovative text is a valuable resource for seminary professors and leaders clergy and disability advocates

the essential guide to creating a successful organization by making things easier better and more straightforward for your customers leadership book of the year 2023 as awarded by the institute of leadership across all sectors organizations fixation with functionality has meant that the human elements of the customer s experience have become neglected strict processes and automated procedures have created organizations full of people who aren t allowed to act in a human way as a result and despite these new technologies customers are no more satisfied than they were a decade ago according to the institute of customer service and according to edelman they now trust big organizations even less than they did in the past in the human experience john sills draws upon extensive research and illustrative case studies to explain that the emotional experience is just as important as the functional one and if done right will create a more efficient business he also demonstrates that the customer experience is not just the responsibility of front line employees but shared across the company from the ceo operating as the spokesperson of the business to the programmers developing a seamless and welcoming user interface whether you re a well established incumbent or an early stage start up on either end of your product or service is a human packed full of practical advice and engaging case studies the human experience is the ultimate guide to creating a culture and an experience

with humanity at its heart helping to develop a customer base that will stay with an organization and a company that will grow in an increasingly efficient way

wall street journal bestseller have you ever struggled to feel worthy at work do you know or lead people who do when amelia dunlop first heard the phrase elevating the human experience in a leadership team meeting with her boss she thought he is crazy if he thinks we will ever say those words out loud to each other much less to a potential client we've been conditioned to separate our personal and professional selves but work is fundamental to our human experience love and worth have a place in work because our humanity and authentic identities make our work better the acknowledgement of our intrinsic worth as human beings and the nurturing of our own or another's growth through love ultimately contribute to higher performance and organizational growth now as the chief experience officer at deloitte digital a leading experience consultancy amelia dunlop knows we must embrace elevating the human experience for the advancement and success of ourselves and our organizations this book integrates the findings of a quantitative study to better understand feelings of love and worth in the workplace and introduces three paths that allow individuals to create the professional experience they desire for themselves their teams and their clients the first path explores the path of the self an inward path where we learn to love ourselves when we show up for work and examines the obstacles that hinder us the second path centers around learning to love and recognize the worth of another in our lives adding to the worth we feel and providing a source of meaning to our lives the third path considers the community of work and learning to love and recognize the worth of those we meet every day at work especially for those who may be systematically marginalized unseen or unrepresented drawing on her own personal journey to find love and worth at work in her twenty year career as a management consultant amelia also weaves together insights from philosophers theologians and sociologists with the stories of people from diverse backgrounds gathered during her research elevating the human experience three paths to love and worth at work is for anyone who has felt the struggle to feel worthy at work as well as for those who have no idea what it may feel like to struggle every day just to feel loved and worthy but love people and lead people who do it's a practical approach to elevating the human experience that will lead to important conversations about values and purpose and ultimately meaningful change

this study ponders different ways christian thinkers understood humanity in its relationship to divine grace it names fallacies that have in the past skewed theological understanding of that relationship it argues that the philosophy of charles sanders peirce avoided those same fallacies and provides a novel frame of reference for rethinking the theology of grace the author shows how the insights of other american philosophers flesh out undeveloped aspects of peirce

s thought he formulates a metaphysics of experience derived from his philosophical analysis finally he develops an understanding of supernatural grace as the transmutation and transvaluation of human experience

the only way for hr professionals to ensure sustainable top performance from their workforce is by taking a people focused approach to their employees to outperform their competitors businesses need happy engaged and committed employees performing to their full potential investing in new technologies or embracing people analytics won t achieve this but a people focused approach will it not only improves staff engagement productivity and wellbeing but also secures the benefits for the business with deloitte reporting in 2019 that organizations focusing on human experience are twice as likely to outperform their peers in revenue growth over a three year period human experience at work is a practical guide for hr professionals and those responsible for talent management which provides advice examples and guidance on how to embed people centred approach to staff development human experience at work covers what human experience is the benefits for the organization the benefits for employees how to make it part of a talent management and organizational development strategy and how to leverage it there is also coverage of how focusing on people and allowing them to be themselves at work creates a more diverse and inclusive work environment supported by case studies insights and examples from companies including gsk ford ikea fotile grenade huel and moneypenny

the human experience examines analyzes and applies theories of humans environments and human environment interaction to professional thinking and action the authors highlight tacit values and assumptions that underlie theory generation and application to professional practice and challenge the reader to answer two questions how do we know and what do we do with our knowledge significant critical emphasis is devoted to diversity of humans and environments and the value perimeter in which professionals think and act
